The Art of ICD-9 Coding for Home Health

Intermediate Level: "Creating a Diagnosis Masterpiece"

Presented By:

An Intermediate Level Diagnostic Coding Workshop for
Home Health Clinicians & Coders

Outline:

- Impact of the PPS & OASIS-C Changes on ICD-9 Coding
- Chapter-Specific Guidance for Codes More Commonly Used in Home Health
- Review of General Coding Guidelines/Conventions
- Examination of the Various Source Documents That Impact the Completion of M Items for Diagnostic Coding
- Overview of some 2012 Coding Changes

Objectives – Learn How To:

- Apply Chapter- Specific (& General) Guidelines to Improve Coding Accuracy;
- Identify Applications for V Code Use;
- Recognize the Relationship Between V Codes, Case Mix Diagnosis and M1024;
- Sequence and Code Home Health Cases; and,
- Integrate Relevant 2012 Coding Changes into Your Coding Practice.

This class continues the quest for coding accuracy with an emphasis on understanding and integrating the chapter-specific coding guidelines. Includes a discussion of the latest CMS guidance for the completion of M1012, M1024 and other coding criteria for OASIS-C. Completion of coding exercises as well as analysis and comparison of common home health scenarios facilitates the integration of these more complex coding concepts. Reminders of general coding guidelines are included but are not the focus of this class. It is highly recommended that participants have a working knowledge of basic coding concepts prior to attempting this material.

Register Online at www.mhha.org or make checks payable to:
Michigan Home Health Association, for workshop only!

This Workshop includes a sneak preview of some features of ICD-10-CM.

**Monday,
March 26, 2012
Intermediate**

8:00a.m. – 4:00p.m.

Location:

**Michigan Home Health
Association Conference
Room**

2140 University Park Dr., Suite 220

Okemos, MI 48864

Phone: 517/349-8089

Fax: 517/349-8090

**Participants
must bring a
current ICD-9
Coding manual
to class!**

The Art of ICD-9 Coding for Home Health

Advanced Level: "Where Art Meets Science:
Advanced Level Strategies and Applications for Home
Health Coding Success"

Presented By:

OASISanswers

PROGRAM OBJECTIVES:

- Instructs intermediate level home health coders how to recognize and access other source documents * (besides the Official Coding Guidelines) which impact home health coding.
- Assists participants in the interpretation of these documents * and how their guidance influences our diagnostic coding selections without sacrificing coding accuracy.
- Delineates agency roles in facilitate coding accuracy including tips for the creation of a coding compliance process.
- Helps coders discern the difference between rumors, opinions & official guidance as well as a methodology for researching coding questions.
- Analyzes how ICD-9 codes impact risk adjustment & reimbursement.

Includes Resources & Considerations for ICD-10-CM!

**Source documents include:*

- Appendix D & Ch. 3 OASIS-C Guidance Manual
- CMS & OCCB Q & As,
- Grouper Tables & HHRG Overview
- Medicare Administrative Contractor (RHHI) LCD for PT

This class looks at all the other issues related to home health coding beyond just describing your patient with ICD-9-CM codes. This intensely interactive class includes discussions, exercises & scenarios to facilitate the integration of the multitude of guidance facing home health coders today.

**Participants
must bring a
current ICD-9
Coding manual
to class!**

**Tuesday,
March 27, 2012
Advanced**

8:00a.m. – 4:00p.m.

**Location:
Michigan Home Health
Association Conference
Room**

**2140 University Park Dr.,
Suite 220
Okemos, MI 48864**

**Phone: 517/349-8089

The Art of ICD-10 Coding for Home Health

"Prepping the Canvas for a New Landscape"

Presented By:

A Coding Workshop for Anyone in Home Health Interested In or Involved With the Transition to ICD-10.

Outline:

- Tutorial of ICD-10-CM General Coding Guidelines & Conventions
- Review of Pertinent Medical Terminology Including Anatomy, Physiology, Pathophysiology
- Overview of Organizational & Structural Changes Between ICD-9-CM & ICD-10-CM
- Introduction of New ICD-10 Concepts
- Timeline & Recommended Resources for the Transition to ICD-10-CM

Objectives:

- Familiarize Participants with ICD-10-CM Guidelines & Conventions;
- Identify Current Knowledge Deficits & Prepare Participants for the More Rigorous Specificity Required for the Assignment of ICD-10-CM Codes;
- Highlight the Differences Between the ICD-9-CM & ICD-10-CM;
- Introduce New ICD-10-CM Concepts; and,
- Provide a Practical Timeline & Official Resources to Facilitate a Smooth Transition to ICD-10 Proficiency.

This class provides an overview of the preparatory knowledge required to ensure a successful transition from ICD-9-CM to ICD-10-CM. CMS recommends that actual training for the use of the new ICD-10 code set should not begin until 2013.

In the meantime, the World Health Organization stressed that past experience demonstrates that countries providing preparatory education prior to the actual implementation had a smoother & more successful transition to ICD-10.

This class provides the information needed NOW as well as RECOMMENDATIONS & a TIMELINE for the TRAINING that should wait until closer to the October 2013 implementation.

**Wednesday,
March 28, 2012**

Workshop Facilitator:

Sparkle Sparks, PT MPT COS-C

Sparkle has been in home care since 1994 as direct care provider, staff educator, PPS analyst, OASIS & ICD-9 coding instructor and consultant. She draws from this extensive background to provide practical education that is both fun & effective. Sparkle is nationally known for her humorous approach and ability to explain difficult topics in terms that everyone in home care can understand. She has served as an advisor to and member of the Board of Specialty Medical Coding. Sparkle is a graduate of the American Health Information Management Association's Academy for ICD-10 Coding where she earned the designation of AHIMA Approved ICD-10 Coding Instructor. Sparkle is also the 2007 recipient of the APTA's "**Excellence in Homecare Award**" and is a Senior Associate Consultant with **OASIS Answers, Inc.**

Commercial Support: There is no commercial support for this event.

Sponsorship: There is no sponsorship for this event.

Conflict of Interest: The Planners have declared no conflict of interest and the faculty has declared a potential conflict of interest since she works for OASIS Answers, Inc (QAI). Often when providing education I identify additional training that will benefit the participants but will also benefit OAI and myself. The faculty discussed with the Nurse Planner and agrees to the provider's policy and will present without bias. Audience will be made aware of potential conflict by written material as well as announcing this information at the workshop.

The Michigan Home Health Association (OH-290, 03/01/2013) is an approved provider of continuing nursing education by the Ohio Nurses Association (OBN-001091), an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Criteria for successful completion:

In order to receive contact hours you must sign in at the beginning of class and sign out at the conclusion of the program. You must stay for the entire workshop in order to receive your certificate. Late arrivals beyond 30 minutes after the published start time for this education training event will not be eligible to receive the contact certificate. No exceptions!

Each of the coding sessions are approved for 6.5 CEUs toward the maintenance of HCS-D credential.

Registration/Cancellation Information:

To register, complete the attached MHHA form and return it with payment to: MHHA, 2140 University Park Drive, Suite 220, Okemos, MI 48864. Payment must accompany registration. To receive a refund, MHHA must be notified in writing of any cancellation 10 business days prior to the workshop date. A \$40.00 administrative charge will be assessed to all cancellations. No refunds will be issued after March 17, 2012. **This workshop is limited to 90 participants. Registrations will be taken on a first-come basis. No walk-in registrations will be accepted on-site on the morning of the workshop. Please advise MHHA in writing of any substitutes in advance of the workshop.**

Hotel Arrangements:

Overnight arrangements can be made at the Comfort Inn 517/347-6690 and mention you are with the Michigan Home Health Association to receive the \$79 rate.

Register Online at www.mhha.org or make checks payable to: Michigan Home Health Association, for workshop only!

The cost on the next page does not include the exam. Registration for the coding examination is handled separately. Attendees interested in taking the coding examination on March 29, 2012 must register with the Board of Medical Specialty Coding & Compliance at: www.medicalspecialtycoding.com to get a test outline, sample questions and answers and other helpful resources; (800) 897-4509, or see the attached registration form and information on the exam on March 29, 2012. Payment for the exam is made to BMSC (Board of Medical Specialty Coding & Compliance). MHHA Members receive the state association rate.

WORKSHOP FEE:	
MHHA Member	\$185 per day
Additional MHHA Member	\$160 per day
MHHA Member Attending More Than One Day Session	\$150 per day
Non Member	\$370 per day

The only ICD-9 manual created specifically for home health

Item Code: ICD2012
Shipping August 2012

Regular Price: ~~\$199~~

Your society price: **\$179.10**

(you save 10%)

30-DAY MONEY-BACK GUARANTEE:

If you do not find that the **2012 Complete Home Health ICD-9-CM Diagnosis Coding Manual** helps ensure accurate coding, avoid denials and help your agency receive the full reimbursement it has earned, return it within 30 days from receipt for a full refund – no questions asked.

DecisionHealth's **2012 Complete Home Health ICD-9-CM Diagnosis Coding Manual** is the only ICD-9 coding manual that's created specifically for home health coders.

The latest edition offers a wide range of features to help ensure accurate coding and compliance, prevent denials and help your agency secure every reimbursement dollar earned, including:

- **Icons for each case-mix code** that indicate case-mix category and show you how these codes affect your reimbursement
- **Non-routine supplies** marked with an icon and listed in a table to call your attention to this revenue booster
- **1,000 tips specific to home health** that guide you, raise red flags and help you code correctly to stay in compliance and gain accurate reimbursement
- **Illustrations and definitions throughout** to help you identify diseases and conditions to enhance coding and critical thinking skills
- **Hospice section and hospice icons** – Tips and strategies for coding hospice cases and avoiding denials of your claims
- **A guide to procedure codes** – Learn how to find and assign procedure codes in OASIS M1012

New for 2012:

- **ICD-10 Crosswalk** – Prepare yourself for the monumental change to ICD-10 with this quick reference of the most common home health codes.
- **More ICD-10 codes in the Tabular List** – Additional matching codes to help you with the most common diseases (i.e., diabetes and late effects).
- **Scenarios: I-9 vs. I-10 codes** – Learn how to use the ICD-10 codes by working through these patient scenarios.
- **FY2012 code change summary** – Get all the FY2012 code changes and analysis on their impact in home health.
