INTRODUCTION TO ICD-10

Get a glance at ICD-10, which will change the world of home care coding, and get a jump start on what to expect and what you will need to do to prepare for October 1, 2013!

ICD-9 Coding in Home Care

In these challenging economic times, the value of a proficient coder cannot be calculated! Learn how to stay right side up in the world of coding which has been turned upside down by the numerous PPS changes. Get the details that will help keep coding errors down, reimbursement up and reduce the risk of an audit.

Attend this 1.5 day workshop where you will get in-depth training in solving the mysteries of home care coding. Whether you are a new or experienced coder, this comprehensive course will advance you to the next level of your coding career and enable you to steer through the PPS maze with more ease and accuracy!

Continuing Education Credit

Nurses who attend the entire activity and complete an evaluation form will earn 11.25 contact hours.

This continuing nursing education activity was approved by the Ohio Nurses Association (OBN-001-91), an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation. Approval valid through 11/09/2012.
Assigned ONA 14808

Continuing Education Credit

The coding workshop is approved by the Board of Medical Specialty Coding for 10CEUs.
(Certified HCS-D Coders Only)

Coding Certification

Improve your coding expertise and enhance your value as a professional coder. Master concepts and strategies that will enhance your critical thinking and coding skills, while learning how to integrate the PPS rules into your coding practice. You will get hands-on practice coding common home care diagnoses and complex scenarios. Boost your coding accuracy and confidence, then.....

HCS-D Certification – Go For It!

Prepare for your Home Care Specialist-Diagnosis certification (HCS-D) at this BMSC-approved workshop. Demonstrate your coding proficiency by taking this skills-based exam online, at a later date, and achieving your valued credential!

Recommended for Intermediate/Advanced coders with at least two years of experience.

About the HCS-D Exam

HCS-D exam is offered through **BMSC**. To register for the exam and to obtain the study resources go to:

www.medicalspecialtycoding.com
or call (800) 897-4509

A.D. Maxim & Associates, LLC

The Speaker

Sharon Molinari RN, HCS-D, HCS-O, a home health veteran and consultant, is an approved Board of Medical Specialty Coding (BMSC) educator. She has earned credentials as Homecare Coding Specialist – Diagnosis (HCS-D) and Homecare Clinical Specialist for OASIS (HCS-O). Sharon is a member of the BMSC Home Care Advisory Board and author of the Study Guide for HCS-D Certification Examinations. She is also a contributor to various home care publications and authors' continuing education programs for healthcare professionals.

The Sponsor

Arlene Maxim, RN, is the founder of A.D. Maxim & Associates, LLC, A.D. Maxim Seminars, LLC and The National Coding Center, LLC, all located in Troy, Michigan. She has been in home care since 1979 and has been a home care consultant since 1986. She has designed and implemented management and educational programs for non-profit, hospital based, and for-profit certified home care agencies.

WORKSHOP OUTLINE

- The Purpose of coding
- Official sources
- PPS facts
- Case mix and case mix diagnoses
- Case Scenarios
- Financial Impact of Coding
- Non-Routine Supplies
- PPS and Billing
- Navigating your coding manual
- Selecting the Diagnosis
- OASIS Guidance on Diagnosis
- Coding conventions
- Inpatient Procedure Codes
- Co-Morbidities
- Symptom Coding
- The Art of Sequencing
- Manifestation Conventions and Rules
- V codes and E codes
- Complications and Late Effects
- Common home care diagnoses

January 12th
